Soude caustique; carbonate de soude; *bichromate de soude; *hyposulfite de soude; *salicylate de soude; *sulfate de soude; sulfure de sodium.
*Soufre et pyrites.
Sucres bruts, raffinés et candis.
Sulfate de cuivre et verdets, bouillies et poudres cupriques; *sulfate de zinc.
Sulfonal.
Sulfure de carbone; sulfure de sodium.
*Tapiocas.
Tartre; *acide tartrique; tartrate de potasse; *autres tartrates alcalins.
Teintures dérivées du goudron de houille.
Terpine.
Terre d'infusoires.
Théobromine.
*Thymol et ses préparations.
Tissus de coton écrus ou blanchis, armure toile, pesant plus de 22 kilog. les 100 métres carrés; *autres tissus de coton, confectionnés ou non.
Tissus de jute écrus, armure toile, pesant plus de 30 kilog. les 100 metres carrés; *autres tissus de jute.
Tissus de laine pour habillement, pesant 400 grammes et plus de mètre carre, de couleur uniforme; *autres tissus de laine.
Tissus de lin et de chanvre, écrus ou blanchis; armure toile, pesant plus de 27 kilog. 500 les 100 mètres carrés; *tissus de lin et de chanvre, autres.
Tissus propres à la confection des ballons.
Titane (meétal et minerai); * sels de titane.
*Tourbe.
Tourteaux et autre produits propres à la nourriture du betail.
*Trional.
Trioxyméthylène
Tungstène (minerai—wolfram); *tungstène (métal) sous toutes ses formes.
*Urée et ses composés.
*Urotropin (hexamethyléne tetramine) et ses préparations.
*Vaccins.
Vanadium (métal et minerai); *sels de vanadium.
Vaséline.
Ventilateurs de 50 à 250 kilog.
*Véronal (acide diethylbarbiturique) et véronal sodique.
Verres de lunette et d'optique.
*Vessies, enveloppes et membranes pour charcuterie.
Viandes fraiches et viandes conservées par un procédé frigorifique.
Viandes salées; viandes fumées.
*Vins.
Voitures autumobiles, tracteurs de tous systémes, pneumatiques et tous objets, bruts ou confectionnés, de materiel naval et militaire ou de transport.
*Volailles mortes, soit à l'etat frais, soit conservees par un procede quelconque.
*Zinc, minerai.
Zinc, metal pur ou allie, sous toutes ses formes; *ouvrages en zinc.

RUSSIA.

LIST OF ARTICLES THE EXPORTATION OF WHICH IS PROHIBITED.

February 17, 1916.

NOTES.

1. *Exports to Allied Countries.*—The exportation of certain articles direct to Allied countries, *in Russian or Allied vessels,* is permitted without special application in the case of each consignment. These articles are: maize, bran, oilcake of all kinds (including colza oilcake), bacon, dead poultry and game, live poultry, eggs, intestines, calves stomachs, fish, tobacco of the first quality (certified by excise), wood materials, oilseeds, clover seeds and other forage seeds, (except beetroot seed), furskins, (except sheepskins and goatskins), tar pitch, hemp, tow (not including flax tow), santonin, and spirit).

With regard to the export of these goods direct to Allied countries in *neutral* ships, special guarantees have to be obtained in the case of each consignment from the Legation in Petrograd of the neutral country under whose flag the ship sails (in agreement with the British Embassy if the articles are going to the United Kingdom direct), that the goods are proceeding to the Allied countries named and will not be re-exported to an enemy country.

The exportation to the United Kingdom of game, poultry (dead), eggs and bacon, is authorised, without special authorisation in the case of each consignment, if the goods are despatched (from the Finland Station, Petrograd) by the "direct oversea Scandinavian route," *i.e.*, *viâ* Raumo or Montyluoto.

2. *Exceptions.*—Exceptions from the prohibitions of export may be made by the Minister of Finance in favour of Allied and friendly countries on separate application in the case of each consignment, apart from the exceptions already referred to in Note 1.

A decree published on the 19th September—2nd October, 1915, authorised the free export to Mongolia of a number of articles. Information as to the articles affected by this Decree may be obtained from the Commercial Department of the Board of Trade.

(C. 35016—15.)

3. *Total Prohibitions from certain Governments.*—The exportation of goods of all kinds is prohibited from Baltic ports situated in the Governments of Petrograd, Esthonia, Livonia, and Courland. The Gulf of Finland and the Gulf of Riga are closed to oversea (*lit.*, foreign) navigation.

4. *Finland.*—The prohibitions of export noted below do not apply to exports *to* Finland from Russia.

The exportation of goods *from* Finland to foreign countries is effected in accordance with special regulations in force in the Grand Duchy. The Finnish prohibitions, however, do not affect the export of Russian goods in transit *via* Finland to places abroad.

[NOTE.—The list of goods prohibited to be exported from *Finland* is practically the same as the list of goods prohibited to be exported from *Russia*.]

Acetic acid and its ethylic and amylic ethers; acetate of calcium.
Acetone.
Alcohol (spirit); amyl alcohol, fusel oil; wood spirit.

NOTE.—As regards the export of spirit to Allied countries, see Note 1 on page 456.

Aluminium ore (see Ores); aluminium, its alloys and manufactures, scrap and brack (see Metals).
Ammonia and ammoniacal salts.
Aniline dyes (see under Dyes).
Anthracene (see under Benzol).
Antimony.
Arms—Fire arms and steel weapons (side-arms).
Asbestors in all forms, and manufactures thereof.
Asphalt, goudron, pitch, tar.

NOTE.—As regards the export of tar pitch direct to Allied countries, see Note 1 on page 456.

*Asses.
Automobiles and motor cycles.
Bacon and all other meat.

NOTE.—As regards the export of bacon to Allied countries, see Note 1 on page 456.

Barley.
Beans and peas.
Beetroots (see Vegetables).
Benzine (petrol) (including gasoline and ligroine).
Benzol, toluol, xylol, phenol, cresol, naphthaline, authracene, phenantrene, and all nitro-compounds and their salts, as also all amido-compounds of the same.
Berthollet's salts.
Boots and shoes (see under Leather).
Borax and boracic acid.

*Export of asses and cameles prohibited by Persian and Afghan frontiers.

Bran, oilcake, and other fodder for livestock.

NOTE.—As regards the export of bran and oilcake direct to Allied countries, see Note 1 on page 456.

Brass, bronze, &c. (see under Copper).
Buckwheat.
Butter (see Dairy products).

His Majesty's Commercial Attaché at Petrograd reported on the 5th December, 1915, that the export of all butter in Siberia had been prohibited during the winter months by the Special Commission for supplying the Russian Army with Provisions, as the military authorities require all available butter for the use of the troops.

Cabbages (see Vegetables).
Calcium acetate.
Calves' stomachs; intestines.

NOTE.—As regards the exportation of intestines and calves' stomachs, direct to Allied countries, see Note 1 on page 456.

*Camels; camel hair (see under Hair).
Camphor.
Capsules and fuses.
Cartridges, projectiles, charges, &c.
Casein.
Cattle, large and small.
Caviare.

NOTE.—A Decree of the Minister of Finance was published on the 29th September/12th October, 1915, authorising, as a general measure, the export of caviare to allied and neutral countries.

Celluloid and manufactures thereof.
Cement.
Cereals of all kinds, including rye, wheat, oats, barly, lentils, buckwheat and millet.
Chlorates.
Chlorhydrine (chlorpropylenglycol) and dinitrochlorhydrine.
Chloride of tin.
Chromic acid salts.
Coal and coke.
Coins of gold (see under Gold).
Colophany.
Colours (see under Dyes).
Conserves.
"Contact T" (a spirituous solution of naphtha sulphonic acids, prepared according to the method of Mr. G. S. Petroff), and all other preparations of the same material used for separating fats for the purpose of obtaining glycerine.
Copper ore (see Ores); copper and its alloys and manufactures scrap and brack (see metals); copper salts.
Cotton and cotton ends; cotton yarns (see Yarns).
Cresol (see under Benzol).
Curcuma.
Dairy products, including butter.
Dextrine and starch.
Down and wool (see under Wool).
Dyes; *viz.*:—aniline dyes and dyeing substances of all kinds except mineral and earth dyes and minium (oxide) of iron; dyewoods (see under Plants for dyeing, etc.)
Dynamites (see under Explosives).
Earth, infusorial (kieselguhr).
Ethers, acetic (see under Acetic acid); ethyl ether.
Explosives:—Nitro-glycerine, dinitroglycerine and all dynamites; black powder and pyrotechnical substances; all smokeless powder; all patent explosive substances; pyroxylin, pyrocollodion and collodion.
Fat (animal).
Felt and leather boots and shoes; felt (see under Wool).
Fish; caviare; fish oil.

NOTE.—As regards the export of fish direct to Allied countries, see Note 1 on page 456 (See also Note under Caviare).

* Export of asses and Camels prohibited by Persian and Afghan frontiers.

Flax, hemp and other vegetable textile materials, including cotton; flax and hemp yarns (see Yarns).

NOTE.—As regards the export of hemp and tow (except flax tow) direct to Allied countries, see Note 1 on page 456.

Floor and groats of all kinds.

Fodder for livestock (including bran and oilcake).

NOTE.—As regards the export of bran and oilcake direct to Allied countries, see Note 1 on page 456.

Fulminating mercury and all materials for fuses.

Furs (all kinds); sheepskins, lambskins, karakuls and goatskins in all forms, including manufactures thereof.

NOTE.—As regards the export of furskins (except sheepskins and goatskins) direct to Allied countries, see Note 1 on page 456.

A Russian Customs Circular of 22nd June/5th July, 1915, provided that furskins (except sheep, skins, lambskins, goatskins, and karakul skins) may be exported to Allied countries through the parcel post without special application for permission to export in the case of each consignment. A further Circular (dated the 3rd/16th November) authorised, as an exception to the general prohibition, the exportation of skins of the sea-otter, the Russian sable, black and darkbrown fox, blue Arctic fox, American marten, seal ermine, marten, skunk, and karakul, and also of furs made up of the said skins (The exportation of such furs to Allied or neutral countries by parcel post is only allowed from localities of the Empire in which there are Customs houses.)

Fusel oil, amyl alcohol; alcohol (spirit); wood spirit.

NOTE.—As regards the export of spirit direct to Allied countries, see Note 1 on page 456.

Fuses and capsules.

Game and poultry (dead or alive).

NOTE.—As regards the export of game and poultry to Allied countries, see Note 1 on page 456.

Glycerine.

Gold—wash gold, gold in bars, in coin, and in manufactures, leaf gold, and gold dust.

Graphite.

Gum arabic.

Gunpowder (see under Explosives).

Hair (camel).

NOTE.—The Russian Government are unable to allow the export of camel hair for private firms, owing to the very large requirements of the Military Authorities.

[19-10-15. C. 37783.]

Hay and straw.

Hemp, flax, and other vegetable textile materials (including cotton); hemp and flax, yarns (see Yarns).

NOTE.—As regards the export of hemp and tow (except flax tow) direct to Allied countries, see Note 1 on page 456.

Hides and skins, dressed and undressed, *viz.*, ox, bull, cow, camel, buffalo, horse and asses' hides, and calf and pig skins.

Horses.

Intestines; calves' stomachs.

NOTE.—As regards the export direct to Allied countries of intestines and of calves' stomachs, see Note 1 on page 456.

Iron ore (see Ores); iron, its alloys and manufactures, scrap and brack (see Metals).

Kerosene (see under Oils).

Kieselguhr (infusorial earth).

Lead ore (see Ores); lead, its alloys and manufactures, scrap and brack (see metals); salts and combinations of lead.

Leather (see Hides, dressed); leather and felt footwear; leather manufactures.

Lentils.

Lime.

Linen sailcloth; khaki-coloured tent cloth.

Lint.

Licopodium.

Lubricating oils (see Oils).

Macaroni.

Malt.

Manganese ore (see Ores); manufactures, etc., (see Metals); salts and combinations of manganese.

Matches.
Meat of all kinds, including bacon.

NOTE.—As regards the export of bacon to Allied countries, see Note 1 on page 456.

Medicinal plants and parts thereof.
Mercury and its combinations.
Metals (except gold and platinum, *q.v.*), their alloys and manufactures, scrap and brack.
Mineral oils (see under Oils).
Millet.
Motor cars (automobiles) and motor cycles.
Naphtha (petroleum), etc., (see under Oils).
Naphthalene (see under Benzol).
Nitrates.
Nitric acid.
Nitro-dextrine ; nitro starch ; tetranitromethane.
Nitro-glycerine, etc., (see under Explosives) ; nitro-compounds (see under Benzol).
Oats.
Oilcake, bran, and other fodder for livestock.

NOTE.—As regards the export of bran and oilcake direct to Allied countries see Note 1 on page 456.

Oilseeds.

NOTE.—As regards the export of oilseeds direct to Allied countries, see Note 1 on page 456.

Oils—petroleum and petroleum residues, benzine (including gasoline and ligroine), kerosene, and other illluminating petroleum oils ; petroleum lubricating and other mineral oils ; oil of turpentine ; vegetable oils ; fish oils. (See also "Contact T.")
Onions (see Vegetables).
Ores—all metal ores.
Ozokerite (mineral wax).
Paper (wood) pulp ; paper of all kinds.
Paraffin.
Peas and beans.
Petroleum, petroleum residues, etc. (see under Oils).
Pepper.
Pharmaceutical products.
Phenol (see under Benzol).
Phosphorus.
Pigs.
Pitch, goudron, asphalt, tar.

NOTE.—As regards the export of tar pitch direct to Allied countries, see Note 1 on page 456.

Plants for dyeing and tanning :—yellow-wood, chestnut, oak, and other plants containing dyeing and tanning substances.
Platinum.
Potash.
Potatoes.
Poultry and game (dead or alive).

NOTE.—As regards the export of poultry and game to Allied countries, see Note 1 on page 456.

Projectiles, cartridges, charges, etc.
Pyroxylin, pyrocollodion, and collodion (see Explosives).
Rags of all kinds.
Resins :—turpentine ; colophany ; gum arabic ; shellac.
Rice.
Rubber and caoutchouc in all forms, including manufactures thereof.
Rusks.
Rye.
Sacks and tarpaulins.
Sailcloth, linen ; tent-cloth (khaki-coloured).
Salt, cooking.
Saltpetres (see Nitrates).

Santonin; flower-heads and seeds of the wormseed plant (santonica) and all products of the same except the fully prepared santonin.

NOTE.—As regards the export of santonin direct to Allied countries, see Note 1 on page 456.

Scrap metals (see Metals).

Seeds:—fodder grass seeds; oilseeds; vegetable seeds.

NOTE.—As regards the export of oilseeds, clover seeds, and other forage seeds (except beetroot seed) direct to Allied countries, see Note 1 on page 456.

Shellac.

Skins (calf and pig), dressed and undressed, (see under Hides); furs of all kinds; sheepskins, lambskins, karakul, and goatskins in all forms, including manufactures thereof.

NOTE.—See note under Furs.

Soda.

Spirit (alcohol); wood spirit.

Soda.

NOTE.—As regards the export of spirit direct to Allied countries, see Note 1 on page 456.

Starch and dextrine.

Steel (see under Iron).

Stomachs of calves; intestines.

NOTE.—As regards the export direct to Allied countries of intestines and calves' stomachs (see Note 1 on page 456).

Straw and hay.

Sugar.

Sulphur in all forms.

Sulphuric acid.

Swine.

Tanning substances. (See also under Plants for dyeing and tanning.)

Tar, pitch, goudron, asphalt.

NOTE.—As regards the export of tar pitch direct to Allied countries, see Note 1 on page 456.

Tar products (see under Benzol, Dyes, etc.).

Tarpaulins and sacks.

Tea.

Tent cloth (khaki-coloured).

Timber material of all kinds.

NOTE.—As regards the export of timber materials direct to Allied countries see Note 1 on page 456.

Tin ore (see Ores); tin scoriæ; tin, its alloys and manufactures, scrap and brack (see Metals); chloride of tin.

Tobacco (except cigars and cigarettes and cut tobacco of the best quality).

NOTE.—As regards the export of tobacco of the best quality direct to Allied countries, see Note 1 on page 456.

Toluol (see under Benzol).

Tomatoes.

Turpentine; oil of turpentine.

Vaseline.

Vegetables, dried; vegetables of all kinds, including beetroots, tomatoes, onions, cabbages; vegetable oils.

Wax, mineral (ozokerite); paraffin.

Wheat.

NOTE.—The Russian Government will examine in a benevolent spirit applications of British merchants for the export of wheat to England. [9-6-15].

Wood (see Timber); wood (paper) pulp.

Wood spirit, spirit (alcohol).

NOTE.—As regards the export of spirit direct to Allied countries, see Note 1 on page 456.

Wool and down; woollen combings; wool clippings; woolskins and rags; camel hair.

Woollen tissues, felt, and other woollen manufactures.

Woollen yarns (see Yarns).

Xylol (see under Benzol).
Yarns of textile materials.
Zinc ore (see Ores); zinc scoriæ, zinc, its alloys and manufactures, scrap and brack (see Metals).

ROUMANIA.

LIST OF ARTICLES THE EXPORT OF WHICH IS PROHIBITED.

March 8, 1916.

NOTES.

The transport of military stores through Roumania is prohibited, and since the 5th/18th November, 1914, the transit through Roumania of goods of which the exportation is prohibited is permitted only under special authorisation of the Ministry of Finance, each case being decided on its merits.

His Majesty's Minister at Bucharest reported on the 21st October, 1915, that all transit through Roumania to or from Bulgaria was prohibited until further notice. The transit of articles which are the subject of State monopolies is also prohibited, but no restriction is imposed on the transit of postal parcels.

Exceptions to prohibitions of export can be obtained in special cases such cases being decided on their merits.

Accessories for motors-cars, etc. (tyres and other).
Acids of all kinds.
Ammonia, liquid, and salts of ammonia.
Animals:—draught animals of all kinds (horses, oxen, etc).
Antimony.
Bandaging materials of all descriptions, such as cotton, wool, gauze, etc.
Barrels (oak).
Bicycles and motor cycles; accessories therefore (see Accessories).
Boots, shoes, etc. (footwear).
Cables.
Candles, and materials for making them.
Carts, carriages, automobiles, and all other vehicles.
Cattle.
Cloth (*draps*), and hosiery of all kinds; articles of clothing, and small wares.
Coal of all kinds.
Colouring earths, and all colours, simple or prepared.
Copper and wares thereof (see Metals).
Copper sulphate.
Cordage:—string, cord and cables of any kind.
Cotton, raw; cotton yarns. (See also Cloth).
Cycles (including motor cycles); accessories therefore (see Accessories).
Footwear.
Fur skins of all kinds.
Glucose.
Glycerine.
Gold coins of all descriptions (however packed).
Graphite.
Hay.
Hides and skins of all kinds, raw or tanned; leather articles; boots and shoes.
Horses, oxen and all other draught animals.
Ink of all kinds.
Instruments, surgical.
Iron and wares thereof (see Metals).
Lead and wares thereof (see Metals).
